

The Lady Joicey Award

The late Lady Elizabeth Joicey was for many years a leading figure in British Dressage, she represented Britain at the Olympics and she did a huge amount for equestrianism, in particular, dressage and RDA. She was also a renowned judge and trainer.

She very kindly left the club a sum of money, which is to be used for training. We decided to present a "training grant" of £50 annually. It can be used with the instructor of your choice and for any equestrian discipline. If you would like to have a chance of winning please write a short letter or e-mail Viv Potts explaining how you would like to use the grant to improve you and your horse. The winner will be announced at the AGM each year.

Previous applicants – please apply again (note previous *winner*s are not allowed to re-apply).
